EXPERIENCE

BIOKIND ANALYTICS at UC San Diego | Healthcare Data Non-profit | La Jolla, CA

Sep 2022 – Present

President & Lead Data Scientist

- Manage organizational communication, leadership, budget, marketing, outreach, public relations, and recruitment
- Work with local healthcare non-profits in San Diego on potential avenues for data science to improve operations; targeting ways to help clients improve efficiency, impact, outreach, client satisfaction, ROI, data systems and use case designs
- Oversee and participate in student data science projects to ensure correct execution, quality, timely delivery, and meeting clients' expectations; facilitating opportunities for students to apply academic training in impactful, real-world scenarios
- Lead teams to develop data-driven solutions addressing clients operational needs. Furthered clients' understanding of patient programs, donor initiatives, grants performance, event planning, business and investment strategies across over \$140 million in combined financial analyses performed. Driven by exceptional service quality with insights reflecting clients' past operations and informing future decisions. Achieving a perfect track record of client testimonial & satisfaction

WORLD DESIGN ORGANIZATION | Design Services Society | San Diego, CA

Jan 2024 – Jun 2024

Housing Solutions Consultant & Designer in Residence (Science & Technology Network)

- Advised the ADUGenius project on ADUs as an innovative housing solution, covering financing structures, tax benefits, saving strategies, building costs, ordinance adoption, setbacks, myths, designs, sustainability, useful policies and programs
- Served a secretary role in meetings and correspondence between stakeholders from the United States, Mexico, the UC San Diego Design Lab, and impact project leads to assist San Diego-Tijuana international collaboration projects
- Performed administrative duties for the Science & Tech Network, including event coordination, media design, monthly updates to the World Design Capital committee, event MC/moderator at events with community members & project leads

UC SAN DIEGO Urban Studies & Planning | Academic Department | La Jolla, CA

Sep 2023 – Jun 2024

Affordable Housing Research Assistant & Data Science Fellow

- Reported affordable housing policy incentives and cost factors, emphasizing public improvements and tax incentives
- Networked with industry professionals to study affordable housing market feasibility, focused on LIHTC and ADUs
- Received sponsorship to network with SDGBC to study green building techniques and integration with affordable housing
- Programmed a bespoke algorithm to parse property data from CoStar into a tabular format for non-commercial purposes
- Applied statistics and machine learning on over 5000 LIHTC projects to derive factors influencing fund allocation

PROJECTS

H2 Hillcrest | Personal Project

A design-focused proposal for a state-of-the-art urban infill, mixed-use redevelopment project in Hillcrest, San Diego, to address walkability/ground-activation, housing, multimodal transportation, with strategic, active commercial uses for the local economy

D3 San Diego Multifamily Visualizer | Team Project

A D3.js web app to answer the question “Which San Diego submarket for your next multifamily investment?”, data queried from CoStar is visualized on a choropleth map of San Diego, highlighting multifamily vacancy rates, built/renov. year, # parking/unit
